## Specifications:

|                                     |   |
|-------------------------------------|---|
| <b>Frequency Range</b>              | 330-390 MHz                               |
| <b>Bandwidth</b>                    | 16 MHz                                    |
| <b>Gain Omnidirectional</b>         | 12 dBi                                    |
| <b>Gain Directional</b>             | 15 dBi                                    |
| <b>VSWR</b>                         | $\leq 1.5$ (Center Frequency $\leq 1.2$ ) |
| <b>Nominal Impedance</b>            | 50 ohm                                    |
| <b>Polarization</b>                 | Vertical                                  |
| <b>Maximum Power</b>                | 500 W                                     |
| <b>Length</b>                       | 6 m / 19.69 ft                            |
| <b>Weight</b>                       | 20 kg / 44.09 lb                          |
| <b>Rated Wind Velocity</b>          | 216 km/h / 135 mph                        |
| <b>Connector</b>                    | UHF or N Female                           |
| <b>3dB Beamwidth Vertical Plane</b> | 6.5 °                                     |

Every effort is made to insure the product specifications are complete and accurate.  
However, omissions, changes to product specifications and design changes may occur without notice.
